Delivery Failure Report

Your message: Re: Dimock Residential GW Site - Notification of Report Postings
was not delivered to: "John Gilbert" <giblert.john@epa.gov>
because: User giblert.john (giblert.john@epa.gov) not listed in Domino Directory

What should you do?

You can resend the undeliverable document to the recipients listed above by choosing the Resend button or the Resend command on the Actions menu.

Once you have resent the document you may delete this Delivery Failure Report.

If resending the document is not successful you will receive a new failure report.

Unless you receive other Delivery Failure reports, the document was successfully delivered to all other recipients.

Thanks Cindy.

I am still at the dentist - but was hoping to talk with you in the near future.

It looks like **Ex. 4 - CBI** and **Ex. 4 - CBI** are keeping up with the project level reviews. To date - I believe we have been reviewing only the EPA lab validated data - which makes sense. Based on our review of the Scribe database on Fri - it looks like you have posted all of the EPA lab data for the locations sampled during week 1 (1/23 - 1/27).

Based on our Fri call - I understand that we have committed to starting to roll-out the data in early - mid March. Final data/ letters for those sampled week one no later than March 14th. So.... I wanted to try to get a handle on the status of

the subcontracted data. I asked the TechLaw folks to check on the status of the lab data packages - but also want to talk to you about the status of the ESAT reviews.

Let me know if you have any time to talk today or tomorrow.

Thanks!
